

Current Bureau of Land Management Mineral and Land Records System Active Mining Claims

Types of Claims

Lode Claims - Deposits subject to lode claims include classic veins or lodes having well-defined boundaries. They also include other rock in-place bearing valuable minerals and may be broad zones of mineralized rock.

Placer Claims - Placer claims are defined as "...including all forms of deposit, excepting veins of quartz, or other rock in-place." In other words every deposit, not located with a lode claim, should be appropriated by a placer location.

Legend

Active Mining Claims (Jan. 2022 - Dec. 2024)

- Lode Claim
- Placer Claim

Current New Active Mining Claims January 2025

- Lode Claim
- Placer Claim
- Tunnel Site
